

# GALE RESEARCH COMPLETE

Empowering users at all academic levels, *Gale Research Complete* provides subscription access to the largest package of primary and secondary sources available to libraries today.

# GALE RESEARCH COMPLETE

Gale's proprietary databases, award-winning references, and one-of-a-kind primary sources come together in a multiyear subscription model to deliver a truly unique offering.

Unrivaled in terms of volume, authoritativeness, and currency, *Gale Research Complete* provides subscription access to the largest package of primary and secondary sources available to libraries today. Empowering users at all academic levels, from the undergraduate student to the experienced researcher, and covering nearly every research area and discipline, *Gale Research Complete* offers high-quality, authoritative, and unique content at an affordable price to suit the needs of the academic library budget.

*Gale Research Complete* enables users to access millions of pages of primary sources and e-reference and periodical content on Gale's superior platforms, which were designed to streamline the student and researcher workflow. The sheer breadth of the package—combining proprietary e-reference content from Gale, Journal Citation Report (JCR), quality periodicals, literary criticism, and full-text literary works as well as rare primary source content from the vaults of the world's great libraries—means that every student and researcher will find a rich store of relevant information to enhance their learning and research.

Over **48,000 periodicals**, including 4,300+ titles from the JCR Impact Factor science list

Over **13 million pages of historical primary sources** from the thirteenth to the twenty-first centuries

Over **3,200 eBook editions** (4,000+ volumes), including award-winning encyclopedias and directories

Over **2.5 million** items of literature criticism and full-text literary works

## EXPAND PATHS TO DISCOVERY

### Search Across Gale Research Complete with Cross Search

It's easier than ever for students, faculty, and researchers to explore millions of pages of content across your library's Gale holdings. The new cross search experience enables users to search all of the resources in *Gale Research Complete*\* simultaneously. Discover topic and work portals, literature criticism, journals, magazines, news, eBooks, primary sources, business profiles, market research, and more in a single set of search results, plus additional tools to facilitate efficient research.

### EXPLORE CROSS SEARCH FEATURES

#### ENHANCED HOME PAGE:

The upgraded *Gale Research Complete* home page connects users to a streamlined search experience, provides research guidance, and links directly to key databases.

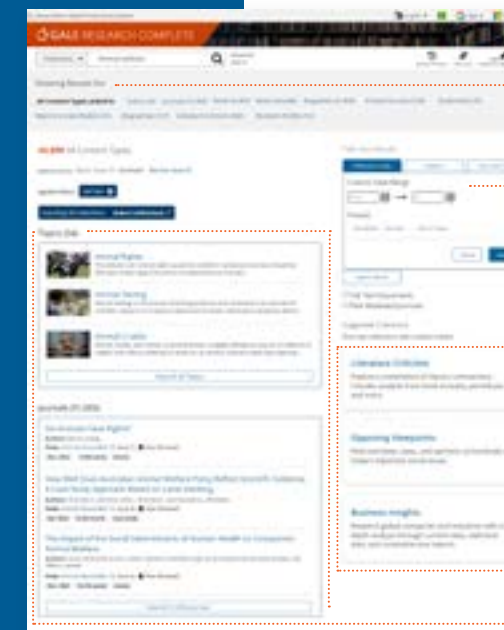

Search across resources with a unified basic search bar or access advanced search features, including limiting searches to select resources or specific content types.

Find guidance to support research, including the video tutorials page which can help students select research topics and learn to use platform-level tools.

Dive into individual resources from the Featured Collections section.

#### EXPANDED SEARCH RESULTS:

Cross search results include improved features and panel displays to help users find the content they need.

Explore search results in 12 unique content categories, including portal, literature, and business content.

Easily filter results by publication date.

Click through to databases relevant to your search in Suggested Collections.

Search results are organized into panel displays that include relevant portals from *Gale In Context* and *Gale Literature*; a Business Profiles display with company, industry, and country profiles; and sources organized by content type.

\*Note: Partner databases are excluded from the cross search.

# EQUIP STUDENTS, RESEARCHERS & INSTRUCTORS

## WHAT CAN YOU DO WITH GALE RESEARCH COMPLETE?

- Democratize access to information and research resources, including journal articles, eBooks, and other special collections, to meet the needs of diverse learning communities.
- Support online, hybrid, and in-person teaching and learning with relevant digital library resources, tools, and services.
- Forge new pathways to discovery and library resource integration into research projects and classroom instruction.
- Meet equity, diversity, and inclusion (EDI) initiatives across campus and the curriculum with relevant interdisciplinary content.
- Build connections between library investments and student outcomes, including academic performance, skill development, and career readiness.

## SUPPORT LEARNING ACROSS DISCIPLINES

Offer users at every level the multidisciplinary resources they need for more meaningful and efficient research, teaching, and learning. From undergraduate students to experienced researchers, provide all users with a wide variety of primary and secondary sources in a package of accessible digital platforms. With *Gale Research Complete*, you can support learning across nearly every subject area as well as EDI goals on your campus with diverse, interdisciplinary databases.

*Gale Research Complete* answers the multidisciplinary needs of the library and its users. Subject areas covered by the package:

SUBJECT	RESOURCE
Literature	<i>Gale Literature, Gale Academic OneFile, Gale OneFile: News, Gale General OneFile, and Gale eBooks</i>
Business and Management Studies	<i>Gale Academic OneFile, Gale Business: Insights, and Gale eBooks</i>
History and Sociology	<i>Gale eBooks, Archives Unbound, and Gale Literature</i>
Philosophy and Religion	<i>Gale eBooks, Archives Unbound, and Gale Literature</i>

# EMPOWERING THE STUDENT JOURNEY

A CLOSER LOOK:

# HIGH QUALITY CONTENT

Empowering students and researchers to achieve superior learning and research outcomes, *Gale Research Complete* offers affordable library subscription access to the most comprehensive set of unique, multidisciplinary, and authoritative content available across key primary and secondary sources. Helping libraries battle their budget while maintaining quality and depth, Gale is offering its largest and best-value single subscription package, powered by intuitive search tools that are designed for today's visual learner.

## GALE ACADEMIC ONEFILE

Unlike alternative resources, *Gale Academic OneFile* offers researchers more than 20,000 publications and the lowest number of embargoed titles, including over 14,000 peer-reviewed journals and more than 10,000 full-text titles.

Reviewing current full text of *The Economist* (1988 to present); *The New York Times* (1985 to present); and the key newspapers of record, such as *The Times* and the *Financial Times*, researchers can be confident of a comprehensive literature review alongside full-text periodicals of major bibliographic resources, including CINAHL, BIOSIS, MLA, PsycINFO, ERIC, EconLit, RILM, Web of Science, and modern primary sources, such as podcasts and transcripts from NPR and CNN.

### Q PRODUCT SPOTLIGHT

#### The Economist

Accessing *The Economist* with no embargo, all users can read the global weekly analysis of economics, politics, and social change the day it's published.

### Q PRODUCT SPOTLIGHT

#### Financial Times

Revealing entirely new research, users can chart the daily impact of events on world economies and markets, and track the fortunes of a single company or industry day by day.

## GALE DIRECTORY LIBRARY

*Gale Directory Library* is a platform for e-directories, allowing researchers to search millions of documents from 21 of Gale's most-respected directories. Subjects include associations and nonprofits, companies and brands, market share and rankings, scholarships, genealogy, publications, radio stations, special libraries, and research centers.

Users can search within a specific directory or across the entire collection, filter their results, and export records for further analysis on the content.

### POPULAR TITLES INCLUDE:

#### Associations:

- *Encyclopedia of Associations: National Organizations of the U.S.*
- *Encyclopedia of Associations: International Organizations*
- *Encyclopedia of Associations: Regional, State, and Local Organizations*

#### Business and Companies:

- *Brands and Their Companies*
- *Business Rankings Annual*
- *Market Share Reporter*
- *Ward's Business Directory of U.S. Private and Public Companies*

#### Genealogy:

- *Biography and Genealogy Master Index*
- *Passenger and Immigration Lists Index*

#### General Research:

- *Gale Directory of Publications and Broadcast Media*
- *Scholarships, Fellowships and Loans*
- *Directory of Special Libraries and Information Centers*
- *Research Centers Directory*

## GALE BUSINESS: INSIGHTS

*Gale Business: Insights* empowers users with the necessary tools to research and effectively interpret international business topics. This valuable resource combines Gale reference content with respected business sources and full-text periodicals to help researchers gain a broader understanding of the global nature of today's business world.

*Gale Business: Insights* users can access daily updates and more than 440,000 detailed company profiles and in-depth country and industry overviews to help them stay current with the ever-changing business landscape.

## GALE GENERAL ONEFILE

*Gale General OneFile* enables students to search by subject across a broad but curated list of general-interest publications, supplementing knowledge gained from peer-reviewed journals with insights from mainstream press, trade, and industry publications globally. *Gale General OneFile* offers users access to over 14,000 periodicals, newspapers, reference books, and multimedia sources, along with more than 200,000 images, 3,300 audio files, and thousands of videos. This includes current content from NPR programs (from 1990 to present) and links to thousands of videos from NYTimes.com and the Associated Press.

PRODUCT SPOTLIGHT

### International Directory of Company Histories

Exploring the history of over 11,000 businesses from their creation to the present, business management students can gain insight into the practices that allow some companies to thrive and others to fail. This popular series across the world has nearly 200 volumes in its eBook collection.

## GALE EBOOKS

An award-winning eBook platform that meets student and researcher needs, this is the first complete package offered that includes all Gale reference guides, like the *International Directory of Company Histories* and acclaimed series, such as:

- *Encyclopedia of Emerging Markets*
- *Encyclopedia of Islam and the Muslim World*
- *History of World Trade since 1450*
- *Encyclopedia of World Biography*
- *The Gale Encyclopedia of Medicine*
- *The Gale Encyclopedia of Science*
- *New Encyclopedia of Africa*

PRODUCT SPOTLIGHT

### Encyclopedia of Islam and the Muslim World, 2nd edition

Valuable for any Middle Eastern studies course, this latest edition offers in-depth articles by international scholars on the history, religion, culture, and economies of Muslim societies from the seventh century to the present day. It includes articles on contemporary social movements that enrich students' understanding of the present Muslim world.

## GALE LITERATURE

Enabling users to cross-search over 2 million primary and secondary sources and close to 500 literary journals, this is the world's largest online collection of literature, and includes eight of Gale's internationally focused literary databases in one digital environment.

*Gale Literature* comprehensively covers literary commentary and criticism, biographical information, overviews and reviews, as well as literary works and scholarly essays, providing the context of literary works and the careers of thousands of authors from all time periods and literary genres from around the world.

#### Gale Literature in numbers

CONTENT TYPE	COUNT
Full-text literature criticism	464,000
Author biographies	266,000
Overviews (plot summaries, work and topic overviews)	30,000
Multimedia content (website links, audio files, etc.)	157,000
Full-text primary sources (poems, short stories, novels, etc.)	263,000
Book, theater, and movie reviews	1,094,000
<b>TOTAL</b>	<b>2,274,000 items</b>

PRODUCT SPOTLIGHT

### Dictionary of Literary Biography, vol. 373: Turkish Novelists since 1960

Students of modern Turkish writing can discover a 20,000-word scholarly essay on the life and writing of Nobel Prize winner Orhan Pamuk. This biocritical essay, written by an expert scholar from Bilkent University, enriches students' research papers by offering in-depth insights into Pamuk's life and career and the reception of his work over time, placing him in the wider context of world literature in the twentieth and twenty-first centuries.

PRODUCT SPOTLIGHT

### Drama Criticism, vol. 17: "Greece in Cocteau; Cocteau in Greece," Cornelia Tsakiridou

In this critical essay, students of twentieth-century drama can explore the defining characteristics of the plays of French playwright Jean Cocteau, in particular his interest in Greek mythology and culture, widening their understanding of how ancient texts can have a profound impact on contemporary ones.

## PRODUCT SPOTLIGHT

### FBI File on Watergate

Developed for scholars of the Watergate scandal and modern American political history, this resource includes over 8,000 pages of reports and evidence acquired by the Federal Bureau of Investigation library, including data that was gathered in the campaign activities of the 1972 presidential candidates.

## PRODUCT SPOTLIGHT

### The French Mandate in Lebanon, Christian-Muslim Relations, and the U.S. Consulate at Beirut, 1919-1935

This resource provides a unique view of many aspects of the administration of the Mandate, its problems, French control, and Arab resistance. Researchers have access to over 9,000 pages from the U.S. National Archives of the correspondence and telegrams of the American consular post in Beirut.

## ARCHIVES UNBOUND

Focused enough to become the backbone of a standout dissertation or thesis, *Archives Unbound* is a vast resource, comprising more than 13 million pages of historical documents, with coverage from the medieval period to the new millennium.

Varying in document types, the broad options include government documents, monographs, newspapers, and correspondence sources from major research libraries, including the British Library, U.S. and U.K. National Archives, and the Library of Congress.

Supporting multidisciplinary research in history and political science, more than 300 unique primary source collections have research-area strengths in European colonialism, Africa and Asia; Native American studies; Nazism and the Holocaust; twentieth-century politics and society in the Gulf and North Africa; Arab-Israeli relations; and U.S. foreign policy, FBI files, and civil rights movements.

# A CLOSER LOOK: SUPERIOR TECHNOLOGY

The databases within *Gale Research Complete* are built upon intuitive and user-friendly platforms that feature a range of tools that empower learning and research. *Gale Academic OneFile*, *Gale General OneFile*, *Gale OneFile: News*, *Gale eBooks*, and *Gale Literature* databases offer:

➔ **Collaboration Tools** – Integrated Google Workspace for Education and Microsoft 365 tools enable users to share, save, and download content—including highlights and notes.

➔ **On-Demand Translation** – Translate Gale content into 40 languages on demand; some include audio as well.

➔ **Citation Tools** – Integrated directly into the user's workflow, formatted citations can be easily imported from single or multiple documents to services like EasyBib or NoodleTools. MLA, APA, and Chicago style citations are supported.

➔ **Optimized Content** – Responsive design fits the platform to any screen size, on any device.

### Topic Finder

By grouping commonly occurring themes, this tool reveals hidden connections within search terms—helping to shape research by integrating diverse content with relevant information.

➔ **InterLink** – This technology is unique to Gale. It connects periodical articles in *Gale Academic OneFile* and *Gale General OneFile* to the most relevant, most useful results within *Gale eBooks*, relating specifically to what users are currently reading.

➔ **LMS Integration** – Expand access and increase discovery by allowing researchers to use and embed Gale content within their learning management system (LMS).

The primary source collections in *Archives Unbound* can be accessed through the *Gale Primary Sources* platform, and offer a range of benefits:

- Analyze all *Gale Primary Sources* using Term Frequency and Term Cluster tools.
- Download optical character recognition (OCR) data to enable sophisticated analysis in any research software.
- Cross-search with other collections in the *Gale Primary Sources* program, including historical newspapers.

*Gale Research Complete* empowers the discovery of fresh insights and improved outcomes for students and researchers. By providing quality research content, powerful search technologies, and intuitive platforms, *Gale Research Complete* provides a powerful research experience for academic libraries.
